RESUBMISSION INFORMATION DISCLOSURE STATEMENT

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

Pursuant to 37 CFR §1.56, the attention of the Patent and Trademark Office is hereby directed to the references listed on the attached PTO-1449. Unless otherwise indicated herein, one copy of each reference is attached. It is respectfully requested that the information be expressly considered during the prosecution of this application, and that the references be made of record therein and appear among the "References Cited" on any patent to issue therefrom.

- ☒ 1. This Information Disclosure Statement is being filed more than three months after the U.S. filing date and after the mailing date of a Final Rejection, Notice of Allowance, or other action that closes prosecution (e.g., Quayle Action), but before payment of the Issue Fee. The Information Disclosure Statement and Form PTO-1449 are being resubmitted at the Examiner's request. Applicant filed IDSs with references on December 4, 2001, December 12, 2001 and January 31, 2002. However, Page 10 (enclosed) of the October 4, 2004 Office Action indicates that the submitted references could not be located by the Examiner. Because the submitted references could not be located by the Patent Office, and this IDS is being resubmitted at the request of the Examiner, it is believed that no fee is due in relation to this matter. However, should any fee be due, please charge the same against Deposit Account No. 15-0461 as needed to ensure consideration of the disclosed information. Two duplicate copies of this paper are attached.

Respectfully submitted,

### ***Information Disclosure Statement***

12. It is noted that the applicant's submission of Prior Art, specifically papers No. 6, 8 and 10, were not located by the examiner at the time of this office action. Therefore, none of the references listed therein have been considered and the applicant is kindly asked to resubmit any and all Non Patent Literature that the applicant wishes the examiner to consider. The applicant also should resubmit the appropriate PTO 1449 forms including any and all references the applicant would like the examiner to consider and the examiner apologizes for any inconvenience this may cause. It is noted that the applicant does not need to submit actual copies of Patents as they are readily available to the examiner.

### ***Drawings***

13. New corrected drawings in compliance with 37 CFR 1.121(d) are required in this application because elements and element notations are hand written. Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.

### ***Conclusion***
